#### CEO and CFO Comments on Operating Results

John P. Albright, president and chief executive officer, stated, "We are very pleased with the Company's performance in the first quarter, clearly reflecting the continued execution of our business plan and strategy, particularly the progress we have made monetizing the Company's land holdings including the closing of the first Minto contract for more than \$27 million in sales proceeds and the successful deployment of those proceeds, utilizing the 1031 exchange structure, into the acquisition of four income properties." Mr. Albright added, "Since becoming CEO in late 2011 through April 17, 2017, the Company has completed 24 separate land sales transactions for nearly 2,600 acres and almost \$82 million in sales proceeds, and has another approximately \$81 million under contract with eight different buyers, totaling approximately 27% of CTO's remaining land holdings. CTO's Board of Directors and management team remain committed to advancing the Company's business plan, by continuing to convert our land holdings into income-producing investments and returning capital to shareholders, with the express purpose of maximizing shareholder

value for all of CTO's shareholders." Mr. Albright concluded by noting, "We look forward to having our shareholders attend our 2017 annual shareholder meeting so they can see first-hand the substantial progress Minto has made on the development of the Latitude Margaritaville community and the other exciting projects, at or near the PGA Boulevard and Interstate 95 intersection, that have opened or are soon to open on land that we have sold in recent years."

Mark E. Patten, senior vice president and chief financial officer, stated, "We're pleased with our first quarter 2017 earnings, particularly the earnings from the increased year-over-year land sales and the impact of the growth in our income property portfolio which continues to drive increasing free cash flow." Mr. Patten continued, "Our earnings in the first quarter included approximately \$0.24 per share of non-recurring income related to the accounting treatment related to the acquisition of the fee interest in the golf operations land which triggered the reversal of approximately \$2.2 million in an accrued liability related to the straight-line treatment of the lease expense since the inception of the lease in 1997." Mr. Patten added, "We finished the quarter in a strong position from a liquidity perspective and we have continued to invest some of this capacity in our expanded buy-back program, investing approximately \$2.9 million in just over 56,000 shares during the first quarter, completing the first \$10 million buyback program begun in 2016 and utilizing over \$1.1 million of our new \$10 million buyback program through April 13, 2017."

In the first quarter of 2017 the Company acquired two income properties for an aggregate purchase price of approximately \$19.1 million at a weighted average cap rate of 6.46%.

### *Subsequent to Quarter End*

On April 6, 2017, the Company acquired an approximately 22,500 square foot retail building in the metropolitan Boston, Massachusetts area (the "Jo-Ann Property") for approximately \$6.3 million at a 7.1% cap rate. The Jo-Ann Property is 100% leased to Jo-Ann Stores, Inc. under a triple-net lease. The remaining lease term is approximately 12 years. The Jo-Ann Property was purchased using the remaining proceeds from the \$27.2 million sale of approximately 1,581 acres to Minto Communities, as well as the majority of

the proceeds from the \$3.2 million sale of approximately 28 acres to VanTrust Real Estate, LLC, discussed below.

## **Loan Investment Update**

### ***Portfolio Summary***

As of March 31, 2017, the Company owned three performing commercial loan investments which have an aggregate outstanding principal balance of approximately \$24 million. These loans are secured by real estate, or the borrower's equity interest in real estate, located in Dallas, Texas, Sarasota, Florida, and Atlanta, Georgia, and have an average remaining maturity of approximately 0.6 years and a weighted average interest rate of 9.1%. One of the loans has a remaining 1-year extension and another loan has two one-year extensions remaining available at the borrower's election, which would extend the remaining maturity of this portfolio to approximately 1.8 years.

## **Land Update**

### ***Land Sales***

In the first quarter of 2017, the Company sold approximately 1,587 acres of land in two separate transactions with two different buyers generating aggregate sales proceeds of approximately \$28.7 million, representing an average of approximately \$18,000 per acre and resulting in aggregate gains at closing of approximately \$20.1 million, or approximately \$2.20 per share, after tax. The first quarter transactions included the following transactions:

1. The sale of approximately 1,581 acres, on the west side of Interstate 95 to Minto Communities (for the development of the 3,400-unit age-restricted Latitude Margaritaville community), for approximately \$27.2 million, or approximately \$17,000 per acre, resulting in an estimated gain of approximately \$20.0 million, or \$2.20 per share after tax; and
2. The sale of approximately 6 acres, on the east side of Interstate 95 at Clyde Morris and LPGA boulevards, for approximately \$1.6 million, or approximately \$245,000 per acre.

### ***Subsequent to Quarter End***

On April 6, 2017, the Company completed the sale of approximately 28 acres, on the east side of Interstate 95 along Clyde Morris boulevard near LPGA boulevard, at a sales price of approximately \$3.2 million, or approximately \$117,000 per acre, resulting in an estimated gain of approximately \$3.0 million, or approximately \$0.32 per share after tax. The estimated gain includes the anticipated costs associated with the Company's responsibility for providing the mitigation credits needed for the buyer's wetlands permit. This 28-acre site was sold to an affiliate of VanTrust, who plans to develop a distribution facility of approximately 400,000 square feet for an affiliate of B. Braun, the global medical and pharmaceutical device company.

On April 13, 2017, the Company completed the sale of approximately 4.5 acres of land at a sales price of approximately \$1.2 million, or approximately \$274,000 per acre. The land is located on the east side of Interstate 95 at the northeast corner of LPGA Boulevard and Concierge Boulevard, just east of the existing Concierge office building. The purchaser intends to develop a mixed-use project including retail and office, creating additional capital investment and employment growth in the Daytona Beach area.

### ***Land Pipeline Update***

As noted above, these agreements contemplate closing dates ranging from the second quarter of 2017 through fiscal year 2019, and the Company expects some of the transactions to close in 2017, although some of the buyers are not contractually obligated to close until after 2017. Each of the transactions are in varying stages of due diligence by the various buyers including, in some instances, having made submissions to the planning and development departments of the City of Daytona Beach, and other permitting activities with other applicable governmental authorities. In addition to other customary closing conditions, the majority of these transactions are conditioned upon the receipt of approvals or permits from those various governmental authorities, as well as other matters that are beyond our control. If such approvals are not obtained, the prospective buyers may have the ability to terminate their respective agreements prior to closing. As a result, there can be no assurances regarding the likelihood or timing of any one of these potential land transactions being completed or the final terms thereof, including the sales price.

### ***Beachfront Venture***

In the first quarter of 2017, the Company executed a 15-year lease agreement with the operator of LandShark Bar & Grill, for an approximately 6,264 square foot restaurant property the Company will develop on the parcel. The annual rent under the lease is based on a percentage of the tenant's net operating income ("NOI") until the Company has received its investment basis in the property and thereafter, the Company will receive a lower percentage of the tenant's NOI during the remaining lease term. In April 2017, the Company executed a 15-year lease agreement with the tenant, Cocina 214 Restaurant & Bar, for the second restaurant property to be developed on the parcel. The annual rent is equal to the greater of \$360,000 per year or a certain percentage of gross sales. The lease also provides for additional percentage rent upon the achievement of certain gross sales thresholds. The Company expects the development of the two restaurant properties to be completed in time for the tenants to commence operations during the first quarter of 2018.

### **Financial Results**

#### ***Revenue***

Total revenue for the quarter ended March 31, 2017 increased to approximately \$38.7 million, as compared to approximately \$18.3 million during the same period in 2016, an increase of approximately \$20.4 million, or approximately 111%. This increase was primarily the result of the following elements of the Real Estate Operations segment and the Income Property Operations, respectively:

| <u>Real Estate Operations Segment</u>                 | <u>Revenue for the<br/>Quarter<br/>(\$000's)</u> | <u>Increase (Decrease)<br/>vs Same Period in<br/>2016<br/>(\$000's)</u> |

### **Net Income**

Net income for the quarter ended March 31, 2017 was approximately \$12.7 million, compared to approximately \$1.4 million in the same period in 2016, an increase of approximately \$11.3 million, or approximately 795%. Basic net income per share for the quarter ended March 31, 2017 was \$2.28 per share, as compared to \$0.25 per share during the same period in 2016, an increase of \$2.03 per share, or approximately 812%.

The results in the first quarter of 2017 reflected increased revenues of approximately \$20.4 million as described above, offset by the associated increase in direct cost of revenues of approximately \$7.2 million primarily related to the increase in the direct cost of revenues for the real estate operations of approximately \$6.9 million, which primarily reflects the cost basis for increased land sales revenue during the quarter, as well as the following other elements of the Company's operating results:

- A decrease in general and administrative expenses of approximately \$1.6 million primarily due to the following:
  - A decrease in non-cash stock compensation expense of approximately \$1.7 million which, in part, is due to the accelerated stock compensation expense of approximately \$1.6 million recognized in the first quarter of 2016 relating to certain stock awards that were forfeited;
  - Reduced legal and other costs of approximately \$87,000 which stem from what were anticipated to be non-recurring expenses incurred in the first quarter of 2016 of approximately \$1.0 million relating to the investigation of certain claims made by Wintergreen Advisers in a series of public and private letters that were determined to be without merit, offset by an aggregate of approximately \$936,000 in costs incurred during the first quarter of 2017 associated with Wintergreen Advisers communications which included approximately \$563,000 specifically related to the Company's proxy contest for the 2017 Annual Meeting of Shareholders;
- An increase in depreciation and amortization of approximately \$695,000 resulting from the growth in our income property portfolio;
- Income of approximately \$2.2 million recognized in connection with the Company's purchase of the leased fee interest in the 690-acre golf course which terminated the land lease affiliated with the golf operations and triggered an elimination of the previously recognized straight-line rent under the lease

- A decrease in investment loss primarily due to the loss of approximately \$576,000 that was recognized in the first quarter of 2016 related to the disposition of certain investment securities; and
- The recognition of approximately \$210,000 in impairment charges in the first quarter of 2016.
